

**International Workshop
Clinical & Molecular Aspects of
Congenital Heart Block
Stockholm, September 17-19, 2010**

Dear Colleague,

It is a great pleasure to announce an International Workshop on Clinical and Molecular Aspects of Congenital Heart Block to be held in Stockholm, Sweden from September 17-19th, 2010.

The Workshop will offer an exciting array of sessions ranging from molecular and genetic discoveries of disease pathogenesis to lectures on diagnostics and treatment of patients. Topics that will be discussed include pregnancy in rheumatic disease, the neonatal lupus syndrome and cardiac involvement, the pathogenesis of congenital heart block, therapeutic intervention and long term outcome.

The meeting will also provide an opportunity for young scientists to meet the experts of the field and present their own work as posters and oral presentations. There are also opportunities to apply for travel grants for international participants.

On behalf of the organizing committee, I welcome you to Stockholm and the International Workshop on Clinical and Molecular Aspects of Congenital Heart Block.

For more details and to register, please visit the International Workshop Web site at <http://www.ceric.se/CHB/CHBMeeting.html>

Workshop Venue:
Nobel Forum, Karolinska Institutet
Stockholm, Sweden

Deadlines:
For abstract submission (on line) -May 1, 2010
For reduced registration fee -June 1, 2010
For cancellation -August 15, 2010

If you know of colleagues that may be interested in attending the International Workshop, please forward this e-mail to them. We look forward to receiving your submission and seeing you in Stockholm!

Sincerely,

Marie Wahren-Herlenius
Meeting Chairman
