

Molecular Mechanisms of Neurodegeneration

(5th Meeting) - Milan, Italy. May 13-15, 2011

This International Congress is the Fifth Meeting of the series dedicated to the Molecular Mechanisms of Neurodegeneration in hereditary diseases. As in the previous edition, the Meeting is aimed at stimulating new and productive interactions among basic and clinical research groups involved in this exciting area of human genetics.

The program will consist of:

1. symposia each composed of 4-5 lectures
2. selected oral presentations grouped in a number of minisymposia
3. poster session

The official language of the congress will be English.

Abstract written in English must be prepared using the abstract form
(Please note that all abstracts will be published on this web page)

Organizers:

Dr. Angelo Poletti

Dipartimento di Endocrinologia, Fisiopatologia e Biologia Applicata
Centro di Eccellenza sulle Malattie Neurodegenerative
Universita' di Milano, Via Balzaretti 9 - 20133 Milano (Italy).
ph +39-02-5031.8215; e-mail: Angelo.Poletti@unimi.it

Dr. Elena Cattaneo

Dipartimento di Scienze Farmacologiche
Centro Interdipartimentale di Ricerca sulle Cellule Staminali
Universita' di Milano, Via Balzaretti 9 - 20133 Milano (Italy).
ph +39-02-5031.8333; e-mail: Elena.Cattaneo@unimi.it

Dr. Franco Taroni

Fondazione IRCCS-Istituto Neurologico "Carlo Besta"
Via Celoria 11 - 20133 Milano (Italy).
ph +39-02-2394.2284; e-mail: ftaroni@istituto-besta.it

Secretariat:
